FEDERATION OF
MUSIC SERVICES

Becoming a Hub Associate means you are joining a professional organisation that represents the backbone of music education

The Federation of Music Services (FMS) is uniquely placed as a professional organisation able to offer 360 degree expert support for all those working within Music Education Hubs. From January 2012 we are introducing new services in a programme designed to deliver cross sector professional development and to provide information, development and networking opportunities to help underpin key partnerships across hubs.

Many individuals and organisations currently feel they lack information and a chance to influence and shape the development of hubs. FMS is able to provide a comprehensive support offer to address this combining the practical with the aspirational.

Joining FMS as a Hub Associate Member will ensure you have a voice, are kept informed and can easily access specialist support.

Hub Associate Membership

Individual membership

You will probably be a peripatetic music teacher, classroom music teacher or a musician working with children and young people or are interested in music education hubs.

Individual membership benefits include:

- Access to a range of information events, networking and support events linked to music education hubs; ✓
- Access to CPD opportunities specifically related to working within or understanding a music education hub; ✓
- Free or subsidised access to resources (digital or publications) aimed at those working in or interested in music education hubs; ✓
- Dedicated and up to date support and information about music education hubs via FMS website and social media; ✓
- Genuine, and ongoing, opportunity to contribute to key dialogues and strategic debates. ✓

Cost: £72 inc VAT per annum

Hub Associate Membership

School membership

Ideal for School Leaders and Heads of Music Departments

The National Plan for Music Education has signalled a new approach to music education, with guidance on the musical offer which all children should have together with their progression pathways. Key to the success of the plan will be partnership working in new Music Education Hubs. Membership will ensure your school is accessing expert and up to date information about the development of Music Education Hubs and how they can support your school to achieve the best outcomes for children. Ensure you are plugged into the widest context of this crucial education development and be part of the national debate; the changes ahead will focus on the drive for excellence with the aim of improving access to music education for all children.

School membership benefits include:

- Access to a range of information events, networking and support events linked to music education hubs and the music education offer to schools and children and young people; ✓
- A range of CPD opportunities specifically related to working within or understanding a Music Education Hub and its music education offer to schools and children and young people; ✓
- Free or subsidised access to Music Education Hub resources (digital or publications) designed by expert music educators; ✓
- Dedicated and up to date support and information about the development of Music Education Hubs nationally, regionally and locally via e-bulletins, website and social media; ✓
- Ensuring your school has a continuous opportunity to contribute to key dialogues and strategic debates. ✓

Cost: £100 + VAT per annum

Hub Associate Membership

Corporate membership

Aimed at those organisations that may not be engaged in direct delivery of music education but are supporters or interested in supporting work within Music Education Hubs:

Corporate membership benefits include:

- Access to a range of information events, networking and support events linked to Music Education Hubs; ✓
- A range of CPD opportunities specifically related to working within or understanding a Music Education Hub; ✓
- Access to resources (digital or publications) aimed at those working in or interested in Music Education Hubs; ✓
- Dedicated and up to date support and information about Music Education Hubs via the FMS website and social media; ✓
- Genuine, ongoing opportunities to contribute to key dialogues and strategic debates. ✓
